BACKSTAGE PROTOCOLS

“Backstage areas” are defined as buildings, spaces, and other facilities within the perimeter defined by access through doors or gates that are NOT accessible to the public during an event. This is inclusive of, but not limited to: stage, backstage dressing rooms/corridor, loading dock, bus parking, truck parking, catering, etc.

- All personnel working in backstage areas must be fully vaccinated and will be identified as being vaccinated OR provide a negative COVID test taken no longer than 72 hours prior.
- The State of Ohio no longer has a mask mandate. IF requested by artist, all personnel in backstage areas will be required to wear an approved mask or face covering.
- Personnel who are consistently interacting with the general public and/or patrons of said event will be prohibited from the backstage areas whenever possible and/or practical.
- Venue staff working within the backstage areas (stagehands, runners, catering staff, cleaning staff, security) must be setup outside the dressing room corridor area whenever possible and/or practical
- Production and catering runners will work remotely from backstage area when possible and practical. Runners will make deliveries to loading dock or other tour designated location.
- Stage access will be restricted to touring personnel, working personnel, and local working stagehands only.
- All backstage areas will be cleaned and sanitized per CDC guidelines prior to touring party's arrival with Clorox 360 Electrostatic Sprayers.
- Hand sanitizer dispensers and/or pumps will be located outside all dressing rooms, common areas, catering, and dressing room areas.
- Additional sanitization of specific backstage areas will be coordinated with touring personnel at designated times as discussed in advance and/or upon arrival.
- SDS for all sanitizing chemicals available upon request
